## Analysis of Shyam Bhat's Lagna chart

A simple approach to analyze fifth house for children using D1 chart only is given. The parameters are:

1. Fifth house
2. Lord of fifth house - **Venus**
3. Karaka of fifth house - **Jupiter**

Now let us check each of these parameters individually.

### Fifth House

The fifth house should promise the birth of children in the horoscope. It is the primary house and indicates the fulfillment of promise. To grant the promise, any house should be strong. For a house to be strong, any of the following conditions should be met:

- **Lord of the house must be placed in the house or aspect the house.:**

**Unsatisfied.** Fifth House is **Taurus [2]** which is ruled by **Venus**. **Venus** is placed in **house number - 8**. So he is neither placed in nor aspecting fifth house. Note: Venus is placed in his *Enemy sign / Shatru rashi*.

- **Lord of the lagan must be placed in the house or aspect the house.:**

**Unsatisfied.** First House or lagan is **Capricorn [10]** which is ruled by **Saturn**. And Fifth House is **Taurus [2]**. **Saturn** is placed in **house number - 1**. So he is neither placed in nor aspecting fifth house. Note: Lagan lord Saturn is placed in his *Own sign / Swa rashi*.

- **Karaka of the house must be placed in the house or aspect the house.:**

**Unsatisfied.** The Karaka of fifth house for children is **Jupiter**. And Fifth House is **Taurus [2]**. **Jupiter** is placed in **house number - 8**. So he is neither placed in nor aspecting fifth house. Note: Jupiter is placed in his *Friends sign / Mitra rashi*.

- **The house must be occupied or aspected by benefics.:** **Unsatisfied.** The fifth house is neither occupied by any benefics nor aspected by benefics.

• **When the house is not occupied or aspected by any planet, it can still promise the results.:** **Unsatisfied.** The fifth house is not empty. There are **0** planets in fifth house: **[]** and **1** planets aspecting fifth house: **['Mars']**.

So when the **fifth house** of **Lagna chart [D1]** is analysed for promise of children in Shyam Bhat's life, **0** out of above given 5 indications are positive. We need atleast 1 indication for positive outcome.

### Fifth Lord

The fifth lord is the owner of the fifth house. His role is like any house owner in daily life. He is required to take care of the house. If the owner is good and is in good company, he will take care of the house. If he is careless and also is in bad company, he will not take care of the house. For a lord to be strong, any of the following conditions should be met:

- **Lord of the house is with the lord of lagan or is aspected by it.:**

**Unsatisfied.** Fifth House is **Taurus [2]** which is ruled by **Venus**. First House or lagan is

A good lord will make efforts to harness the fruits of the house. A bad lord will make no efforts to maintain the house and can destroy it.

So when the **fifth lord of Lagna chart [D1]** is analysed with respect to children in Shyam Bhat's life, **2** out of above given 5 indications are positive. We need atleast 1 indication for positive outcome.

### Karaka

Jupiter is the karaka for children. Karaka is seen for beauty. Beauty is not the looks but the devotion and respect a child gives to the parents. It determines the care given by children to the parent. A karaka is considered favorable when any of the following conditions are met:
